

To get straightened up and have a  
little piece of mind. I have no  
hard feelings at all. I am sorry  
we couldn't make it go. But don't  
please ask me to go back to  
~~Denver~~ to get a divorce there are  
too many memories back there  
and since you agree we should  
part would you sign the waiver  
so I can get it out here. There isn't  
much use hurting each other  
any more and you would be ahead  
this way too. I hope you will  
see it my way. Wishing you the  
best always

Winnie
